# BUSINESS PROBLEM

A background image showing several dark beer bottles arranged in a circular pattern, slightly blurred, creating a bokeh effect. The lighting is warm and golden, suggesting a sunset or sunrise.

LLC Breweries need to understand sales, revenue and profit trends within its network to aid better decision-making to maximize profit and reduce loss to the lowest minimum.

years	profit
2017	38503320
2018	37063850
2019	30020250

## Insights

2017 has the highest recorded profit with a value of 38,503,320 Naira and a decline in profit is observed in subsequent years

## Recommendation

LLC Brewery needs to gather more data on customer buying behaviour to better understand and improve the decline in subsequent years.

February	224681	3556450	Good

## Insights

- Peak revenue was made in January 2019 7,649,200 Naira
- In February, the lowest revenue was generated for 2019 but it was still above the average sale target of 2.5M Naira
- 

## Recommendations

LLC Brewery needs to analyse seasonal factors that might be contributing to monthly sales pattern such as raw materials, weather, road infrastructure and religious holidays.

eagle lager	2061680
beta malt	1793750
grand malt	1525680
hero	1331600
trophy	1278750

## Insights

- **Castle Lite, Budweiser & Eagle Lager** are the top 3 profit cash cows in the Senegalese market
- **Grand Malt, Hero & Trophy** are the least performing brands for profit generation.

## Recommendation

- LLC should consider the COGS for the least-performing profit brands to determine if increasing the quantity produced would further spread COGS and increase profit margins.
- To ensure the performance of the Top 3 brands, LLC should invest more in promotional campaigns and excellent customer service .
